

Haliburton midgets win All—Ontario trophy

This year's hockey season came to a spectacular end Saturday night at the Haliburton Arena as over 1,000 spectators spilled onto the ice to congratulate 16 hockey players. These boys had just treated the fans to a classic final play-off game and with a hard fought 2 to 1 win over Caledon brought the Midget D All-Ontario trophy to Haliburton for the first time.

The referees, the best we have ever seen in this area, were sent all the way from Oshawa. They complimented both teams after the game and agreed it was possibly the best Midget game they had ever worked. They said they had refereed in the Wrigley Midget tournament and that either of these two teams could have won it. Considering that it is a tournament for "Triple A" teams, it indicates the fine hockey played by both Caledon and Haliburton.

The team began the week needing at least a win and a tie to wind up the series. They got their win last Tuesday night in another close contest. Caledon opened the scoring in this game but Tim Bain tied it up before the end of the first period. In the second period Caledon came on again and scored to take the lead but Greg Bishop tied it once again 15 seconds later. It was a tense third period until with less than six minutes remaining Jay Wootton slipped the puck between the Caledon goalies skates for the go-ahead goal. Tim Bain got the insurance goal three minutes later on a fine end-to-end rush. Final score Haliburton 4 and Caledon 2.

Thursday night in Caledon the boys were determined to wrap it up, and showed it when Harold Lymburner scored the first goal after only 41 seconds of play. Then suddenly the penalties came on top of penalties and Caledon took advantage for three unanswered goals before the end of the period. Haliburton looked like they might salvage the game in the second when Jay Wootton and Harold Lymburner each scored to tie it up again. The penalties came again however and destroyed the momentum they were building and Caledon scored once more in the second, and once in the third period to wrap it up at Caledon 5,

and Haliburton 3. The referees made a shambles of this game and assessed Haliburton with 61 minutes in penalties, and 28 minutes to Caledon.

There was considerable frustration to both the players and fans over this referee situation and a strong request was put forth to the O.M.H.A. office to make sure we had good officials for the game in Haliburton Saturday. They promised the best available, and consequently the faultless officiating we received.

Saturday the pressure was really on our boys to finish up the series as this would be their last turn on home ice. The Caledon team had the pressure on for most of the first period but Dale LaPorte came up with spectacular save after save to hold us in there. Mark MacDuff finally got Haliburton on the scoreboard just before the end of the period with an unassisted goal. Jay Wootton scored one just after that but the buzzer went just before the puck entered the net to cancel the point. Tim Bain literally skated through the entire opposition team to score Haliburton's second goal in the second period. Caledon finally broke the shut-out bid of Dale LaPorte with a power play goal at the end of the second period. Haliburton concentrated on close checking in the third and held Caledon off the scoreboard.

Things got rather tense when with about six minutes remaining Dale LaPorte was injured by a hard shot to the chest. After considerable consultation Dale insisted on finishing the game although in obvious pain but encouraged by the big cheer that went up when he stepped back into the net. Chris Roberts, our fine Bantam goalie, has been patiently sitting on our Midget bench throughout the play-offs as a back-up goalie and was certainly hoping he wouldn't be making his Midget debut at this stage of the game. Our boys really dug in to protect Dale for the balance of the game and through their fine effort Dale had only three shots to handle from then on. Caledon pulled their goalie in the final minute and almost got the tying goal twice but Larry Stinson managed to block both shots. Final Score Haliburton 2 and Caledon 1.

Haliburton won the best 4 out of 7 series with Bobcaygeon, Marmora, Oro, and Caledon to reach their goal. Next week's Echo will carry the complete team statistics on this fine team for the regular season and the play-offs, along with pictures of their final games.

The coaching staff of Gary McKnight, Larry Medley, and Al Oakley refused to accept compliments on the tremendous job they had done with this team. They all agreed that all the credit should go to the boys. This community takes its hat off to each and every one of them.

Students build solar heater

On Wednesday, April 16th we had the opportunity of being invited to the Haliburton Highlands Secondary School to see first hand a Solar Heater which is a project of the grade 12 Technology and science class under the direction of their teacher Mr. Glen Scully.

When we arrived at the school the students had three of the Solar Heaters, better known as Parabolic Reflectors which they made out of

Pictured above are five members of the grade 12 Technology and science class at the Haliburton Highlands Secondary School shown during an experiment with their Solar Heater project that they constructed at the school. From left to right, Rod Titus, Scott Russell, Clayton Roberts, Terry Sutherland, Chester Gadway.

Aluminum foil already set up at the back of the school and ready for the experiment.

The solar heater is pointed to the sun and the purpose is to study the heat produced by the rays of the sun. The apparatus is set up and adjusted to the correct position to measure temperature at start and every minute until boiling. The temperature is measured from water in a tin can which is located in front of the solar heater.

On one particular experiment taken between 2:30 and 3:00 p.m. the conditions outside had a temperature of 0°C and the wind speed was 10 m.p.h. Volume of water used was 200 millilitres.

It took only 22 minutes with the solar heater to reach a temperature of 99 degrees Celcius.

At 5 minutes the temperature had gone up to 51 degrees, at 10 minutes it was 70 degrees, at 15 minutes it was 84 degrees and at 22 minutes it was to the boiling point of 99 degrees.

The boiling point for water at Haliburton is 99 degrees instead of 100 due to altitude of Haliburton County.

We were told that one of these solar heaters is being used in France for producing electricity.

This alternative method can be used for such things as heating systems for boilers, furnaces or for the maple syrup industry.

In this day and age when we are talking of conserving energy and with the world's oil and wood products running short it is our opinion that within the next twenty years homes will be heated from the rays of the sun.

Chalkdusters whip Rotary 7-5

The Haliburton Arena was the scene of a stunning upset in the annual hockey game between the Chalkdusters and the Rotary Club of Haliburton.

The Chalkdusters team was composed of Haliburton County Board teachers only. However, Rotary coach Joe Iles reached deep into his bag of tricks to come up with a power packed unit.

The Rotary plus team utilized stars from the Minden Monarchs and an American import to give the game an international flavour. Coach Iles explained that Rotary being an international club should be allowed to ice an international team. Playing coach Scully of the pure pedagogue team was surprised at the tactic but in the spirit of good sportsmanship agreed with the twisted logic of Coach Iles and the game went on.

The Chalkie's opened the scoring early in the first period and never looked

back a hat trick by "Boom Boom Brohman" and a second hat trick by "Dandy Deke Donio" put the game out of sight. An additional counter by Shifty Roy Scott was an appreciated but unneeded tally.

The Rotary Roly Poly's hardly realized they had skates on until the third period when "Persistent Paul Wilson" put in his second shot of the evening. During the third period the "Rotary Plus" put on the pressure and "Timber Jackson's" icebreaker of the first period was supplemented by Nifty Nicholls goal. The final goal was scored by a bona-fide Rotarian; Crack-shot Curry Bishop banged the puck home to save the Rotary club of Haliburton the embarrassment of not having a single Rotarian scorer.

After the game Coach Iles was heard to mumble "Those teachers hid Bernie Parent behind the goalies mask and that's the only

reason they won."

The three star selection was made by Don Lloyd and Rev. John Smith. The first star was John Rouble, the second star was Martin Danio and the third star was

Joe Iles who it is rumoured selected the players for this years Washington Scouts.

Minor hockey was the real winner and would like to thank the participants in this annual benefit game.

Storm knocks out hydro

There's an old saying that goes something like this. You never miss the water until the well goes dry, but you really miss the Hydro when it goes off.

Such was the case last Saturday morning when the power went off about 7:30 a.m. and was off in the neighbourhood of four hours.

High winds during the night had played havoc with the hydro and when it did finally go out of commission it spelled out a great deal of inconvenience for many home owners in the county of Haliburton.

Most of us who rely heavily on Hydro had to wait and have a late breakfast

while local businesses had to open up in the dark.

The biggest problem seemed to be with the homeowners who are relying heavily at this time of year with a sump pump in their basements to get the spring flooding which occurs with that over abundants of water out onto higher ground. When the power went off the sump pumps quit operating and many basements started to fill up with water.

Each and every day we are told to start to conserve energy and when something like this happens it really reminds us of the fact that we are really dependent on Hydro.

Glee Club production at school

Be sure to attend the Haliburton Highlands Secondary School Glee Club's production of Gilbert and Sullivan's "Pirates of Penzance", and enjoy an evening of good comedy and light-hearted, tuneful music. (See advertisement for details.) Last night was Opening Night. Come to one or more of the remaining performances; - tonight, Friday and Saturday nights.

haliburton News Letter

The Rotary Club of Haliburton's Easter Seal campaign is really lagging. Only \$900.00 has come in so far and this means that the club is about \$1,300.00 off its objective. If the target is to be met a lot more money must come in and in a hurry. If you have not sent in your donation to help crippled children do so right away. It will really be appreciated.

The Academy Theatre's Sunday afternoon recital series returned last Sunday after a two-week absence. The absence was caused by Easter Weekend and the great storm, the absences accounting perhaps for an audience of some forty people yesterday, slightly smaller than usual.

Mr. George Dove, Director, Kawartha-Haliburton Children's Aid Society, Peterborough, will be the guest speaker at the May meeting of the Haliburton County Social Planning Council.

During the gold rush Dawson City, Yukon, had motion picture theatres operating at a time when the projected motion picture was just three years old. In 1899, Dawson City had a telephone service, running water, steam heat and electricity.

The Rotary Club of Minden is lining up its projects for the forthcoming year.

The benefit dance held for Ron Cowan at the Royal Canadian Legion on Friday, April 11 was a real success. It was a good turnout and everyone who attended really enjoyed it.

The Lake Kashagawigamog Tourist Association held its annual Pancake Festival recently on Haliburton's main street and although business wasn't as brisk as usual they were well satisfied with the results.

At Red Cross, if it isn't a blood donor clinic, it may be a Care in the Home course. If not that, then it's swimming lessons for the disabled, or handicraft sessions with veterans and senior citizens.

There is always something to keep everyone busy, always someone who needs special help, always a need to be met with time, concern and money.

From the response received after the Seminar of March 12 the Haliburton County Social Planning Council is seriously thinking of holding another one in the very near future.

The Rotary District Conference will be held in Orillia on April 24, 25 and 26. Many of the Rotarians from the Minden and Haliburton clubs are in Orillia for this conference.

Accidents in the bathroom can be prevented if a few precautionary measures are taken. A well-anchored grab bar placed beside the bathtub is a handy aid when stepping out of a wet tub, suggests St. John Ambulance.

Each year, an estimated 100,000 persons are involved in accidental home poisonings. Close to half require medical attention. Many suffer disabling illness.

Along the Trails

By Roy Bates

Another snowmobiling season is over, but I mustn't let it be entirely written off before passing along a bouquet or two to some of the people who helped to make it more enjoyable for you.

First there is Bob Jennings, your new HCSA President. He served to keep the Board operating smoothly, a confidante to all committee chairmen with problems. I'm sure he found the position very demanding of his time, but he was on top of it, unruffled all the way.

Stephen Berry, Vice President, took charge of our \$17,500 trail improvement grant. For two and half months he was clerk, accountant, paymaster, secretary and chief advisor in this most important project. It was he who fidgeted when bad weather kept his men off the trails, he who worried when a particular trail took longer than it should to complete and the same Steve evidenced the greatest disappointment when the project came up 50 miles short of target. From the exactness of his ledgers and the completeness of his reports we can see that the job took up a great deal of his time, Time, incidentally, for which there was no remuneration whatsoever.

Kathleen Wyllie, Treasurer, looked after the Association's general accounts. Something close to \$5,000 passed through Kay's hands during the season. It was her duty to receive, record and deposit revenues from all sources, from a fifty cent decal to several hundred dollars dance proceeds, to pay accounts promptly, and to report accurately on all transactions at the Association's fortnightly meetings. On top of all this, the lady held down a full time job and found time to keep a spotless home for her family, as well as help out at each of our dances.

Entertainment Chairman, Ken Fielding, was responsible for fund-raising events - dances and raffles. There were two successful 50/50 draws, and three out of four dances showed excellent profits. With a little help along the way from other Board members, proceeds from such events totalled nearly \$2,000.

A few others deserve honorable mention. Brian Hunter is compiling a history of snowmobiling in Haliburton County, from the first machine brought in by Harold Bannon, trapper, to the present day activities, for the HCSA scrapbook. He desperately needs your amusing experiences and pictures. The trails committee, Dennis Casey chairman, worked hard to lay out the season's trails project and to see that it was carried to a successful conclusion. Steve Langerap, Harcourt's representative on the Board, was able to put that community into the HCSA picture. My job as membership chairman was to record all memberships as they came in, and as publicity director to keep news of the HCSA before the public and to get out an occasional newsletter to the members.

A few of the Board's aspirations for the season did not come to full fruition, but I cannot recall any out and out failures. Most disheartening, I think, was the grooming effort. The Alpines broke down frequently, ate up drivebelts like crazy and took too many passes over a trail to bring it smooth. With paid crews, two men to each unit, Alpine grooming is too costly. It will now be necessary to completely revise our grooming setup, either by using a more versatile, lightweight device with the Alpines and eliminating one man from each unit or by advancing to a heavy-duty grooming machine such as the Bombi. Perhaps a combination of both. The Bombi would be ideal for long-range grooming along the main corridors, but there are many lesser, narrower trails where the Alpines would still be most practical.

Next week: a report on the O.F.S.C. Annual Convention.

EMO phaseout blamed on poor selling job

Some Emergency Measures Organization officials accept the blame for the phasing out of their program according to Thomas Claridge in the Globe and Mail. He said officials of the Metro branch of EMO blamed the phase-out on their own failure to sell the EMO program as relevant to today's needs.

Speaking locally, Victoria-Haliburton EMO co-ordinator James Hall said he did not think this was the case across Ontario but possibly in the Metro area where he felt the organization was unable to sell their program to the government.

Mr Hall said locally the program has been well received and was considered capable to fill a great need in case of disaster. Mr. Hall agreed with the department official who suggested that no one likes to think about disasters happening.

Ontario treasurer Darcy McKeough in his budget speech announced that programs such as EMO had outlived their usefulness.

Claridge states in his Globe and Mail story that Metro branch officials were of the opinion the decision to phase out EMO in Ontario was very much the personal work of Mr. McKeough, and that it grew out of his personal experience in his home town of Chatham where the program might not have been as active as in other areas. Local EMO co-ordinator James Hall said he was inclined to agree.

The Globe and Mail story outlines two major services

provided by EMO in recent years, citing the air disaster near Toronto in 1970 and the violent wind storm near Sudbury where EMO again came to the rescue. According to the story, in both cases, EMO volunteers were acknowledged to have played crucial roles in co-ordinating emergency planning procedures as well as assisting in a search for possible survivors.

EMO officials felt they were getting somewhere in pressing the municipalities involved to develop a co-ordinated air-craft crash program. "Now Darcy has pulled the plug on the whole program" the EMO spokesman is quoted to have said.

County Road Superintendent

Cox going to Indonesia

Jack Cox, who has been County Road Superintendent and County Engineer for the Provisional County of Haliburton, Road Department for the past 3½ years has handed in his resignation to the County Council and has accepted a position with M.R. Byrne and Associates, consulting engineers from Burlington to be project manager for the

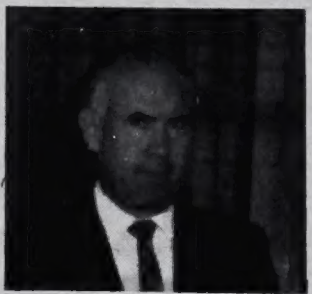

construction of 38 bridges in South Sulawesi province in Indonesia.

M.R. Byrne and Associates, consulting engineers have received the contract for the design and construction of these bridges.

The structural steel and reinforcing steel and about 50 percent of the construction equipment is being paid for by CIDA (Canadian International Development Agency) funds.

Mr Cox will be starting to work for M.R. Byrnes and Associates in Burlington on May 20 and then Mr and Mrs Cox will be leaving for Indonesia around the end of May.

We join with their many friends in wishing them the best of everything as they start with their new work in Indonesia.

Jack Cox

Development commission holds initial meeting

The newly constituted Haliburton County Economic Development Commission held its initial meeting on Tuesday, April 17, and Robert Bishop Sr. was appointed Chairman.

Other members include Murray Fearrey and Jerry Howarth as County Representatives, along with Gerald Heywood, Larry Perrott and Robert Bishop Sr. representing the Chamber of Commerce.

Also present at the meeting were three Executives from the Industry side of the Ministry of Industry

and Tourism namely, Brian McConnell, Bruce Williams and Bob Shelley.

Guidelines were set down with top priority given to the compiling of factual data and statistics relating to development throughout the County. The Commission is hopeful that support of their endeavors will be forthcoming from all of our residents and input from all sources will be gratefully accepted. The Commission appreciated the participation and interest shown by the Ministry people in attendance.

In tournament

Figure skating Club successful

Figure Skating in Haliburton has completed a very successful season for all skaters. Approximately 100 young ladies and gentlemen registered with the club last fall, of which 14 girls were Seniors, 21 boys and girls were pre-school age, and the rest were in the National Badge groups from 1 through 12. At seasons end, we had 20 Senior girls, and only 2 pre-school skaters, so once again our skaters had excellent training under Miss Allyson Ednie, our Club Senior Professional; Miss Susan Leary, our Club Junior Professional; and Miss Cindy Scheffe, one of our senior amateur coaches, who very generously gave of her time to help with the pre-schoolers. A special vote of thanks goes also to some of the mothers who dug skates out of moth balls and came out to help with the little ones who were just on skates for the first time. Your efforts were greatly appreciated.

- McDonald - 3; Cory McKnight - 2; Gavin McKnight - 1; Jodie McKnight - 1; Laura Medley - 3; Susan Milne - 4; Gerald Morrison - 1; Nora Morrison - 1; Michele Parish - 2; Jennifer Pearson - 1; Shauna Pearson - 1; Susan Peel - 2; Bobbie Picard - 2; Jackie Picard - 4; Stephanie Poole - 2; Emma Postlethwaite - 3; Lucy Postlethwaite - 2; Lee Potter - 3; Kelly Reynolds - 1; Shannon Robertson - 2; Eoin Ross - 2; Shona Ross - 2; Kim Rouble - 3; Alison Sisson - 1; Lisa Sisson - 2; Robin Sisson - 2; Miriam Smith - 2; Ruth Stouffer - 1; Stephanie Wells - 2; Liane Whitfield - 2; and Sean Whitfield - 1.

All those girls are to be commended for their performance, as they did well, and they all had an enjoyable day.

Our Figure Skating Carnival this year featured our Junior skaters in the story of Hansel and Gretel, and our Senior skaters in the second half of the show. The costumes this year were excellent in bright, cheery colours, and once again our scenery chairman and crew came up with some original ideas. In the second half of the show, our Seniors performed solos dances and pairs skating to demonstrate just how well they have done during the past year. As a matter of interest, quite a few of our Senior girls are not finished skating yet. Since the beginning of the month, there has been a Spring school being held in Fenelon Falls, and every Saturday and Sunday will find these few girls down there continually working on their figures, dancing and free-skating. We wish them all well and good skating.

The season will open again next fall, and notices will be given as to when registration will be held. Until next Fall, good health to everyone and have a good summer.

The Club was able to hold Junior test days again this past season and in December we had 54 skaters successfully pass tests, and in January - February, 47 were successful. In the past 2 seasons, those test days had the greatest number of skaters pass tests successfully. Those skaters who passed badge tests this year and the number of badges earned were as follows:

- Corinne Anderson - 3; Nancy Bagg - 3; Tina Bailey - 1; Debbie Barry - 2; Stephanie Barry - 2; Terry-Lynne Barry - 1; Anthony Biagi - 2; Cindy Black - 3; Tammy Black - 3; Gina Brohm - 2; Boyd Brooks - 2; Stephen Brooks - 3; Denise Cameron - 2; Martha Carnochan - 3; Conal Creelman - 1; Heather Creelman - 1; Matthew Creelman - 2; Melissa Creelman - 1; Kelly Cummings - 2; Renee Curry - 1; Shannon Curry - 1; Tara Davies - 3; Erin Finn - 1; Suzanne Fajar - 2; Wanita Harrison - 2; Susan Haywood - 3; Cindy Hore - 2; Shelley Hore - 3; Peggy Johnston - 3; Nicole Kanters - 4; Anita Kuno - 2; Chantal LaRue - 3; Jeanette Martin - 3; Kim McCracken - 1; Kim

We also had six Junior young ladies at the beginning of the season who, through the year, successfully finished their Junior Badges and became Senior skaters. Those girls were Janet Brooks, Kim Burke, Stephanie Kuno, Kathy Shipley, Cathy Tyler, and Nancy Wood.

This year for the first time, some of our Junior skaters in Badges 8 through 12, plus a few new seniors, took part in the Interclub competition that was held here in Haliburton in March.

Season ends

Novice team strong

The Minden Novice hockey team made a great showing at the 4th annual Lindsay Minor Hockey Association Novice hockey tournament played at the Lindsay Arena on Saturday, April 12.

The overall winner of the Tourney was the Novice team from Ajax.

Minden defeated Orillia in the third game 3-1 and Ajax defeated Oshawa 3-0 to end the first round of games.

In the elimination rounds Lindsay defeated Peterborough Selects 3-1 with Jeff Brown scoring 2 goals and Cavin Peters scoring one. Deene defeated Peterborough Nationals 1-0, Orillia defeated Oshawa 4-3, Ajax defeated Minden 3-2.

Players from all teams competing in the tournament received a souvenir miniature hockey stick from the Lindsay Minor Hockey Association.

Midlands will invade Lindsay

The Mad Midlands will invade Lindsay May 10 for the purpose of unveiling a cenotaph to the memory of former members of the regiment who died in Italy, Hong Kong and North West Europe. The reunion committee has corresponded with 1,800 former members of the Regiment. The Cenotaph has been completely paid for by members of the Association.

The Regiment was mobilized in July 1940 with companies at the following communities. A. Cobourg, B. Campbellford, C. Port Hope, D. at Bowmanville and Headquarters Company at Lindsay. The recruiting area was Northumberland, Durham, Victoria and Haliburton Counties.

Reunion headquarters are at I York St Lindsay. The chairman is Lieut. Laird Gamble. Lt Col John Leuty, Port Hope will command the parade and Ralph Hodgson, Lindsay will be master of ceremonies at the Regimental dinner. The reunion will conclude with a dance in the Lindsay Legion Hall.

Kindergarten class visits sugar bush

The Haliburton Kindergarten class recently visited the sugar bush. This is their report. We went to the Sugar Bush. We had a ride on Dan Dewey's big bus. It went to Croft's Sugar Bush. We walked in from the highway. We saw mud, old leaves, butterflies, a car, a dog and bits of green grass. We went up on the hill to have lunch. We sat on the rocks. We could see all the pipe lines coming from the trees and we could see cows in the fields.

Girl Guides go camping

On Friday evening, March 21, car loads of Girl Guides and their leaders arrived at Camp Adeliade, just east of Haliburton, for a weekend of winter camping. In attendance were 25 guides and six leaders, from the 1st Haliburton Company and the 1st Carnarvon Company.

much. All the guides present started on some badge work as well.

After arrival, and settling down somewhat, a campfire training was held under the leadership of Miss Leslie Freeman, after which was snack time and bedtime.

Sunday morning, the weather was cleared up enough for all guides and guiders to try their luck at snowshoeing. This activity was enjoyed immensely by all.

Saturday started out fine, but then old man weather turned off the sun and on came the freezing rain which stayed with us for the day and curtailed outdoor activities. However, spirits weren't dampened, and very able leaders started the guides on arts and crafts which they enjoyed very

Quite a number of girls had never camped before but everyone present pitched in, and a good time was had by all.

A special thank you to Mrs R. Freeman, our District Commissioner for making our weekend possible and acting as quartermaster, so no one starved. Thanks also to the Guide Leaders from Haliburton and Carnarvon who attended and lead the patrols. Everyone now is looking forward to summer camp.

Bickering should stop

It's really unfortunate that this bickering between the people of Minden and Haliburton that has been going on for years has to continue. We would like to think that the relationship between the two villages is beginning to get on a more friendlier basis, but this just doesn't seem to be so.

The trouble seems to stem from about five percent of the people from both places who seem to think that it's smart to keep the kettle boiling.

The latest episode in this continuing saga seems to be in the world of hockey. As one can see by our recent write-ups and editorials things are not going too well as far as co-operation is concerned in this area.

At the beginning of the hockey season as far as we can understand both villages had an agreement that Haliburton would send their intermediate hockey players to Minden to play for the Monarchs and Minden in return would send their junior players to Haliburton to play with the Haliburton Junior Huskies.

The Haliburton hockey directors have stated that they kept their end of the bargain and sent their intermediates players to play in Minden, but that Minden didn't co-operate and send the junior players to Haliburton.

The hockey men who are in the know from Minden tell us that they kept their end of the bargain and sent the junior players to Haliburton but that some of the players were not treated right and they refused to stay. They point out that the Minden players were shunned in the dressing room, left by themselves with no one to talk with and in most cases their players were left sitting on the bench and used very little. In other words they were not given a fair chance to play on the team. If these reports are correct then it's a bad situation that must be remedied.

We must all face the facts that in any particular age group if we are to have winning teams that we must draw players from both villages. There just aren't enough good players for each place to play its home town boys and expect to come up a winner. We must pool our player talent.

In summing up may we suggest that a board of shall we say eight men with four from each place get together with open minds on this subject and get this matter straightened out.

Heaven forbid a greenbelt

From time to time we hear reports that the Ontario Government is trying to make Haliburton County a green belt. Heaven forbid.

It is fine for a few to sit back and say we don't want any change or progress here, let us just keep things the way they are. No more building on the lakes and no industry.

The human cry seems to be that if we carry on we are going to interfere with the environment. This in our opinion is ridiculous. In a few cases maybe a few of the lakes are overcrowded, but in most cases the lakes could stand more development, and how could small industries affect the environment.

We certainly welcome people to come back to the Highlands and build homes and cottages, but you must remember that the day is over when you can build a home or cottage

here and figure that no one will build along side of you.

If the County is made into a green belt this means that construction work will practically cease, putting building contractors, plumbers, painters and many other trades virtually out of business. These same people employ a large number of men and if building is to be curtailed in certain areas these business people will go out of business and men will be unemployed.

If the County is to progress we must have more development and more industry. We can't sit back and live off two months of summer tourist business.

We who live here in this county year round want development and industry and we must do everything in our power to stop it from being turned into a so-called green belt.

Letters to the editor

Mr. Editor:

I for one am very sorry that you and many more of our businessmen of our community did not attend our B.A.C. breakfast at St. George's Church on Sunday, April 20th.

The message was brought to us by Mr Ernest Warren of Peterborough formerly of Harcourt. He is a member of Full Gospel businessmen's association in Peterborough. He brought us an outstanding message on his work in the work of our Lord. How the many ways that the Lord has helped him and others in all walks of life.

Sir is it not possible for us to have an association such as this in our community that meets to praise God with men from all walks of life to do our business.

I believe Mr Editor when we do so Haliburton and surrounding area will prosper and go places in the business world.

Thank you for the valuable space in your paper.

Harley Fader

P.S. Anyone wanting to know more about this fellowship please tune in to Global Sunday at 4 p.m. Channel 2.

Dear Sir:

On behalf of Theodore Peacock, poet, and the Township of Glamorgan, may we have space in the Echo to pass on some good news to our rate-payers and all other interested persons.

In 1974, the Township of Glamorgan undertook to publish a collection of nature poems by Theodore Peacock under the title of

"Tales of the Trail" as a Centennial project. The books were delivered and the first copies sold on July 2nd, 1974. From then on the response was most gratifying both to the author and to others involved in the publication of this fine work. In just eight month all costs were recovered, which, we understand is a good track record. This should provide encouragement to other budding authors in the County.

Of course this success would not have been possible without the co-operation and assistance of many people throughout the County and beyond who promoted the sale of "Tales of the Trail".

Mr. Peacock has very generously declined any profits on his work and has directed that the money be spent for community betterment. Our local library is naturally at the top of his list.

There are still plenty of copies of "Tales of the Trail" available and if you can not find them in a local store in your community, contact us at Box 70, Gooderham, Ontario.

Yours very truly,
Elva V. Bates, A.M.C.T.,
Clerk-Treasurer
Township of Glamorgan

The Reeve's Corner

By Reg Booth

Criticism is not justified unless some form of alternative can be offered. Last week we pointed out that many of our leaders were not doing the job as well as we might expect. Before stating an alternative effort, we would like to point out clearly that we only suggested SOME were not doing their duty.

Many of our leaders are making a sincere effort to stem the tide of deterioration in our courts, schools and all other offices. They are to be commended, and we should see that they area.

We have spoken about SOME faults in an effort to make people think. NOW, we would like to suggest that all the people WHO CARE should make an effort to speak a word of encouragement to those who are trying. Maybe we could stop to say a word to the Minister when a good pointed sermon is presented, or drop a letter in appreciation of that little extra that a member has accomplished. Maybe we could help or encourage an Officer of the law when we noticed a job well done. Instead of ignoring an extra effort on the part of the school teacher, maybe we could call and say "well done".

Why don't we all make a little effort to say a good work, if it is warranted, and help our Country?

The Love of God

By Anonymous

Oh mighty Father how great thou art,
The Giver of life, making the heart start
The everlasting joys you hold in your hand
For those that love you, willing to stand.
The strength of your voice will bring
in the crowd
Hoping for all thee with deceit and are proud
You are alive our God, of love you are
Creating the earth the sun and moon and
the smallest star,
Oh God your love, it will show
In the eyes of the young your love it will flow
The minds are turning just like a wheel,
Now people are speaking just what they feel.
Its working slow, but how else do we start
It will win in the end, you cannot
defeat a pure heart
Oh Jesus deserving you art
You knew where we were going right
from the start
Oh Jesus I pray, I pray to you now,
The way to you, feed us the nohow
Mistakes we make some are more wrong
But you are King teach us your song
In finish this poem and there is hope for us all
Search in your hearts in Jesus name call.

HALIBURTON HIGHLIGHTS

The Rotary Club of Haliburton's Easter Seal Campaign is still lagging along way behind. Up to last Friday only \$1,200 had been collected and this means that the club is still \$1,000.00 short of its objective.

Twenty young people from the Salvation Army walked 12 miles on the roundtrip from Donald to Haliburton on Saturday, April 12 to raise funds for Overseas Mission. Not only was it an enjoyable event but over \$300.00 was raised through sponsors.

Our congratulations go out this week to Mr and Mrs Frank McIntyre of Haliburton who celebrated their Sixtieth Wedding Anniversary on Tuesday, April 22.

The Haliburton Curling Club will be holding their Annual Banquet and Dance and presentation of awards at the Legion Hall in Haliburton this Saturday, April 26.

Mr Clair Hilborn, administrator of the new Five Counties Children's Centre at

Scott says raise too high

Speaking in Ottawa Thursday, Victoria-Haliburton MP William Scott said he was not sure when the Bill on MP's salaries will be returned to the House for third reading, adding that it could come up for discussion next week. He also said he believed a 20-25 percent increase would be more realistic.

He agreed the introduction of the 50 percent increase was wrong from the start, setting a poor example for industry and the professions to follow.

The Victoria-Haliburton member said he knew of many federal members who have to keep up two places of residence with no other income, and at the present salary that was impossible. Speaking personally, he said, if he was dependent on his salary to raise his family

he, too, would be in financial difficulty, noting that hand-outs are expected at every turn. He agreed a member of parliament is not forced to make contributions but it is expected for the member to set the pace.

Mr Scott said he was not present for previous votes on the matter and he is not a member of the special committee dealing with the Bill. He said in his mind, possibly a 20 to 25 per cent increase would have been adequate in the present financial situation.

Commenting on the third reading on the Bill, Mr Scott said he is not as yet familiar with amendments that may have been made in committee, and he would decide how to vote after he received this information, adding that a lesser increase would have been adequate.

Peterborough will be the guest speaker when the Rotary Club of Haliburton hold their weekly meeting at the United Church in Haliburton this Thursday night April 24th.

Albert Mark Carpenter of Ingoldsby passed away at the Civic Hospital in Peterborough on Thursday, April 17. The late Mr Carpenter was the beloved husband of Dorothy Kemp (Hicks) and was in his 70th year. The Funeral service was held from the Funeral Chapel of John Welch and Son Ltd in Minden on Monday. Temporary Interment was at the Ingoldsby Cemetery Vault.

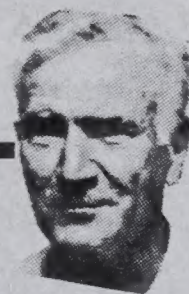

Patients at the Red Cross Hospital in Haliburton this week are as follows. Mr Charlie Kent, Mr Ron Cowen, Mrs Elda McKnight and Mrs Sandra Roberts all of Haliburton, Mrs Viola Deumo, West Guilford, Mr James Billings, Gooderham, Ontario, Mrs Linda Mumford and baby girl, Harcourt Ontario.

Barbara and James Cline, married in Cambridge, April 19 spent their honeymoon in the Haliburton Highlands, staying at the fabulous Sir Sam's Inn. Many thanks to the staff and friendly people of Haliburton. "Haliburton is for Lovers."

Pic of
the Past

Our thanks this week to Walter Harrison of Fenelon Falls who sent us this photo showing the village of Haliburton away back when. As you can see there have been many changes made since that time.

How lucky we are

BILL SMILEY

EVERY so often I'm reminded of how very lucky Canadians are. We are not smarter than other people. Goodness knows, we are no more industrious. We are just luckier, because we happen to be living in this country at this time.

When you consider that we are just a drop in the bucket of the world's population, you can see just how blind lucky we are.

Millions of people on earth today are literally starving to death. They will be dead, stone dead, in days, months, a year.

Millions more are just above the starving line. They eke out a barren, blunted, hopeless existence, just one step away from the animal.

These hordes are subject to all the other things that go with a minimal existence, besides hunger: cold, disease, ignorance, fear, and perhaps worst of all helplessness.

And we complain endlessly, we Canadians, about such horrors as inflation, postal strikes, taxes, and all the other relatively piddling

burdens we bear.

We howl with outrage when butter jumps 15 cents a pound. Some of us nearly have a stroke when the price of beer and liquor is raised. The very wealthy feel a deep, inner pain because they can retain only 55 per cent of their income.

But what does it all amount to? The consumption of butter will go down for a few weeks, then rise to new highs. The consumption of alcoholic beverages will not even tremor, but go steadily upward. And the rich will become richer.

Talk about fat cats, or buxom beavers, and we're it. The Lucky Canadians. The envy of the world.

Oh yes, we have poor people, quite a few of them. But you would be hard put to it to find anyone in Canada literally starving to death. Or freezing to death.

Or dying because there is no medicine for disease.

Truth is, the vast majority of Canadians eat too much, suffer from over-heating rather than cold and are much more likely to die from too much medicine than they

are from disease.

And even the poorest of our poor, with all the buffers that welfare provides, are materially millionaires compared with the poor of many other countries.

You, Mister, wheeling your Buick down the highway and beefing about the cost of gas, might just as easily be pulling a ricksha in Calcutta, wondering whether you could last until you were 30, so you could see your first grandson.

You, Young Fella, who made \$10,000 in six months with a lot of overtime, and quit working so you could draw unemployment insurance, could be sweating it out in a South African gold mine, or a Bolivian tin mine, for enough bucks a week to barely feed your family.

And you, Ms., whining about the mess the hairdresser made, or complaining about the cost of cleaning women, could be selling yourself in the back streets of Nairobi to keep body and soul together, if you'll pardon the expression.

But you aren't, and I'm

not, and we shouldn't forget it, mates. We were lucky. We live in Canada.

Once in a while this hits me like a punch between the eyes. One of these times was on a recent holiday weekend.

We were spending a weekend with Grandad, in the country. It was cold and blustery outside, and I spent one of those rotten-lazy, thoroughly enjoyable times when there is nothing to do and nothing to worry about: eating and drinking, playing cards, enjoying the fireplace, reading, watching television.

The only fly in the ointment was the constant decisions to be made. At breakfast, for example. Banana or fruit juice? Coffee or tea? Bacon and eggs or ham and eggs? Toast and jam or fresh bread and honey?

Evenings were even worse. An hour after dinner, I had to decide whether it was to be coffee and cake with ice cream or tea with butter tarts. Then there was the bedtime snack and more decisions.

But it was watching television that blew up the puffed-up dream that life was, after all, good and gracious, cosy and comfortable, warm and wonderful.

There on the "news," with nothing to hide it, was the non-Canadian world. Children with the bloated bellies and stick-thin limbs of the starving. Other children, torn and bleeding and screaming with pain.

Mothers howling their anguish because they had lost their children and couldn't find them.

A refugee plane, with more than 200 "soldiers" and only five women or children aboard.

And everywhere, on that naked screen, people, suffering, terrified, running like rats, from nowhere to nowhere.

Not much you and I can do, except feel horrified. It's all too far away.

But at least we can stop bitching in our own backyard, and face the facts that we're not smarter, or harder working or better looking. Just lucky.

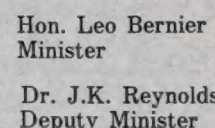

The Argyle Syndicate Ltd.

Ontario Budget

Stimulating a lagging economy without adding fuel to the fires of inflation - this was the twin challenge confronting Provincial Treasurer Darcy McKeough as he prepared the Ontario Budget for 1975.

For sometime now Canada, like other major economies, has been experiencing high rates of inflation and weakened economic growth. The time has come for strong and decisive action by all governments. I believe the 1975 Budget demonstrates the effective leadership shown by Ontario in this area. It presents to the people concrete proposals which will go far to ensure economic stability for our province in both the short and long term.

In preparing his Budget, Mr. McKeough had extensive consultation with representatives of a wide cross-section of our economy. I would like to take this opportunity to outline some of the highlights of the Ontario Budget for 1975.

Effective until December 31, 1975, the retail sales tax will be reduced from 7 percent to 5 percent. This action will stimulate consumer spending on items such as automobiles, major appliances and home furnishings. With increased consumer spending, there will be more production and hence more jobs - and jobs are what we need now.

Further initiatives have been taken to encourage investment and strengthen the productivity of the Ontario economy. Effective immediately, the retail sales tax will be eliminated on purchases of production-related machinery. This exemption will apply to equipment ordered between now and January 1, 1977 and delivered between now and December 31, 1977. This action, which will cost an estimated \$410 million over the full term of the programme, will go far to

improve the competitive position of Ontario business in both domestic and foreign markets.

The Budget established a number of important proposals designed to assist the province's small businessmen and farmers. Small business will benefit from a doubling of its investment-related income tax credits and from a new programme of compensation for collecting provincial retail sales tax. This compensation will amount to 3% of the tax collected by a vendor up to a maximum of \$500 in each fiscal year. In this way, vendors with sales of approximately \$300,000 per year will receive the maximum amount of \$500.

Owners of small businesses will share in the general increase in the amount deductible for succession duty on all estates. Assets of small family businesses will also be exempt from the payment of duty provided that the businesses remain active and in the family for a period of ten years. Ontario family businesses will also enjoy a once-in-a-lifetime gift tax exemption of \$75,000.

Farmers in all parts of the province will benefit from a provincial cost of production guarantee and improvement in gift tax exemptions and succession duties.

The Ontario Government recognizes that costs of farm production have escalated dramatically. Therefore, the

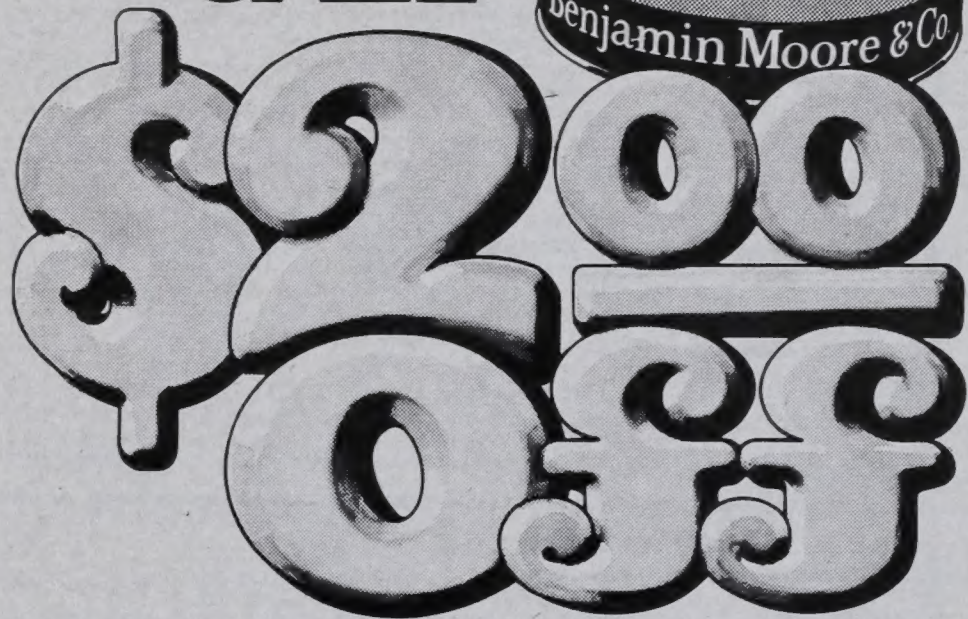

province will supplement the Agriculture Product Stabilization Act which is currently before the federal Parliament. In this way, farmers will be assured of the opportunity of earning back the cost of production. The Ontario Ministry of Agriculture and Food expects to pay out approximately \$20 million as its portion of the cost-of-production guarantee.

The new Budget also provides for payment of a 50% rebate on property taxes paid by tree farmers. The rebate, to be paid to owners of managed forests who are resident in Ontario, is similar to that provided to other Ontario farmers.

To ensure the continuation and growth of family farms in this province, farmers will share the benefit of an increase in the basic allowance on all estates from \$150,000 to \$250,000 as a deduction for succession duty purposes. The present forgiveness period for family farms will be shortened from 25 years to 10 years, and farmers will also benefit from the general increase in basic exemption for gift tax.

I believe that the 1975 Budget reflects this government's determination to deal in a responsible way not only with the problems of the moment, but also the concerns of the future. In my report. I will continue further measures of this Budget.

travelling comfort of its users. The darkness, for which he was unprepared, found dad four miles from his destination for the night, a settlers cabin where he hoped to find lodging.

Suddenly his inexperienced team spooked, turning about as they reared and snorted in panic. Facing them towered an upright black bear of fearsome proportions: teeth bared and eyes burning like a coal from the devil's own furnace, it presented a hair raising challenge. He was unarmed and a quick inventory of his pockets produced only a handful of wooden matches. These he lit and the sudden flare of light startled the bear. It fled. Dad could never explain to his own satisfaction how he managed to hold those plunging colts and shepherd them past where the bear had stood.

Once past they broke into a gallop, continuing unchecked until they entered the barnyard four miles away, dad still clutching the reins. How welcome the sheltering cabin walls seem-

ed that night as he enjoyed frontier hospitality -- a hearty meal and well-earned rest! As long as we kept that team, if anyone made a noise like a bear they would race around the pasture at top speed.

My brothers and sister and I had the freedom of our farm and surrounding territory which expanded as we grew older, but in all our youthful rambles we never met a bear face to face.

As the days lengthened into summer the pasture near the barn became overgrazed and our herd of milk cows must go farther afield for feed. Increased activity of deer and warble flies and other biting insects plagued the usually placid animals until they became reluctant to enter the woods without human drovers to urge them on. Dad delegated this job to my two younger brothers and myself and we were expected to find suitable pasture. In our youthful enthusiasm we drove the herd much farther than was needed, eventually reaching the river where the

bridge had recently been washed away by the spate of waters released when the river drivers opened a dam to carry off their logs. The rushing torrent was still dangerous as it boiled past although some thoughtful soul had felled a tree for crossing.

We shoed the cattle into the river without a second thought and deemed it great sport when the current pushed them further down river than they wanted to go. Without the slightest fear for our own safety we trotted back and forth on the tree ourselves just for the fun of it.

Shortly after starting home we were met by dad looking for us. He was markedly silent when we told him that we had been across the river. Perhaps he was too thankful to scold, but he made it abundantly clear that what we had done was dangerous and we must "never dare do it again!"

Blueberrying was an annual feature of pioneer life in Monmouth Township. I recall one exceptionally good

year when my dad and three neighbour men took part in this harvest. They travelled to the patch on a stone boat, a kind of summer sleigh with two log runners nailed together which could go anywhere the team of oxen could drag it, departing early in the morning loaded with pails, baskets and everything else that might hold berries plus hearty lunches prepared by their wives. Their journey to the patch covered 5 miles of tortuously rough trails which the anxious eyes of their families scanned in vain that evening.

Their vigil was doubly rewarded next day by the return of their spouses with every receptacle brimming with exceptionally large berries. The ladies had included several clean flour bags to cover the berries which were also filled -- I have never seen so many blueberries in one place before nor since. Glass sealers had not yet come to the frontier so we used every available large bottle or jar for our blueberries.

Mother had a lot of gallon size containers with 4 inch openings which had held mustard for the store. Those who had no containers dried the berries and hung them up in cotton bags to be used for pies in winter. Such fruit had a pleasant flavour especially appreciated when snow drifts blew window high but had to be thoroughly soaked before using.

We had to walk a mile to the old log school which was whitewashed inside and housed homemade wooden desks and benches. Most of the children were small and unable to wade the deep snow of the unploughed roads in the extremes of cold so classes were only held from May until December, a school year completely different from the present. Our school was well kept, swept and tidy but only cleaned thoroughly once a year at a cost of \$2.50. The teacher and girls were responsible for sweeping and dusting but the school board paid a boy .50c a month to build fires.

Rarely were we fortunate enough to have a fully qualified teacher. Had it not been for mother we would have fared less well educationally. Her first class certificate from Dublin renewed in Canada and her experience gained teaching here before her second marriage were of great benefit to our whole family; I still recall her penmanship which was a joy to behold.

The first teacher I remember was Annie McIlmoyle who in 1896 was paid \$97.00 a year. She was followed by Susan Payne, Miss Cuncannon, D.M. Anderson, Flora Matchet, Bertha Kidd, Arch Anderson, Emma Scriver, Annie Helme, William and Jake Pollard, Alf Trickey, Ina Scott, Em Anderson and Margaret Ingahart whose salary in 1925 was \$900.00. I shall never forget how "geography" is spelled because we had to commit this sentence to Memory: "George Eaton's old grandmother rode a pig home yesterday." Sometimes in the good old days school could be fun!

Financed by Ministry of Health

Home Care Program cuts patient care costs

Many years ago hospitals had little to offer patient or physician that was not available in the doctor's office or the patient's home. In the 60's and 70's, hospitals have become complex, highly organized, medically sophisticated institutions which patients and physicians use extensively for diagnostic, treatment and rehabilitation services. The public of course, ultimately pays for the huge capital costs, and high operational expenses of our modern hospital concept.

Do you, as a consumer of health care, realize that admission to hospital is not always your only alternative when illness or disability occurs? Provided you meet the prime criteria for admission to the Home Care Program, and your doctor so recommends, you could stay at home. You can receive all professional and supportive services as prescribed by

your family physician, free of charge, regardless of age or socioeconomic status. Or you could be discharged home from hospital on your physician's recommendation when your medical condition is stabilized and continue your convalescence at home under professional supervision of a visiting V.O.N. or Registered Physiotherapist.

Trent students win awards for post-graduate study

Students from Trent University, one of the smallest of Canada's 70 universities, have been offered at least 23 major awards for post-graduate study.

Among these are eight of only 100 special M.A. fellowships offered nationally by the Canada Council.

Others are: a 1967 Science Scholarship, an award established by the National Research Council to mark Canada's centennial (a maximum of 50 are awarded each year), a Commonwealth Science Scholarship, six NRC science scholarships, and seven Ontario Graduate Fellowships.

"These represent truly impressive achievements by the students," said Trent's president, T.E.W. Nind. "It says a great deal about their capabilities and, I believe, reflects great credit on the university."

Ian Affleck, a fourth-year physics student from Ottawa, has three awards to choose from: the 1967 Science Scholarship, an NRC scholarship, and a Commonwealth Science Scholarship. He is as yet undecided. Trent students have won four 1967 Scholarships since the award was established.

The eight special M.A. awards were offered to: Irene Ip (economics), Bruce Rayfuse (economics), Bruce Whiteman (English literature), and Christl Verduyn

You may be happier and you may convalesce more quickly. You'll certainly make a hospital bed more quickly available for an acutely ill patient who may otherwise reside on a stretcher in a corridor for days, while you occupy a hospital bed unnecessarily. You'll most certainly reduce health care costs, which we all pay. Your

hospital bed and room alone costs in the vicinity of \$100.00 daily. HOME CARE provides for an average of \$10.00 per patient a day.

What's available for you if you're ill and stay at home?

- Professional NURSING service on a visit basis provided by Victorian Order Nurses who are in frequent contact with your Doctor regarding changes in your condition and specific orders to care for you.

- Registered PHYSIOTHERAPISTS will visit up to 3 times weekly to assist in a rehabilitation program as established by your physician. Devices such as canes, crutches, walkers and other basic equipment is provided to HOME CARE patients on a loan arrangement.

Minden OPP report

Man charged with careless driving

During the week of April 14-20, members of Minden Detachment investigated 50 general occurrences and three reported Motor Vehicle Collisions.

There were six break and enters investigated, two persons charged with impaired driving, six charges made under the Liquor Control Act and two charges laid under the Criminal Code of Canada.

Timothy Toye age 20, of 124 Park St. N. Peterborough, has been charged with careless driving and failing to report an accident due to an accident which occurred on April 19.

The vehicle he was driving was northbound in the northbound lane ran across the roadway into the southbound lane striking guide posts on the west side of roadway continuing on into the median striking guide posts on the west side of median then across southwater street, onto the west shoulder striking more

guide posts on the westerly edge of the west shoulder. The accident occurred on Highway 35 at the north junction of the Minden cut-off.

Damage to the vehicle was estimated at \$2,000.00.

Constable W.A. Bibby of the Minden Detachment of the Ontario Provincial Police investigated.

Chamber of Commerce plans annual meeting

The Haliburton Highlands Chamber of Commerce will be holding its Annual Membership Meeting and Reception - Dinner and Dance at the Minden Community Centre on Wednesday, April 30.

The Annual Meeting will be held from 4:30 to 6 p.m. with a reception followed by dinner-dance starting at 6:00 p.m. Admission is \$5.00 per person. The guest speaker will be George Hamilton, head of the Leslie Frost School at Dorset.

This year for the first time

the Chamber of Commerce will be holding a Vacationland Trade show in connection with the Annual Meeting on the same date at the Minden Community Centre from 10

a.m. to 10 p.m.

This will be Haliburton County's first trade show and will feature Exhibits from across Ontario geared to business, commerce and just plain living in the Highlands. Come one come all and the admission is free. There will be a fully licenced bar from noon on.

Obituary

Harold P Ferrier

Harold P. Ferrier (retired manager, Bank of Montreal) died suddenly at St. Josephs Hospital, Guelph, on Wednesday, April 2.

Mr. Ferrier is survived by his wife beloved Kathleen Cuthbertson, and two daughters Elizabeth (Mrs. K. W. Baker), Toronto and Barbara (Mrs. E. E. Hinkson) Vancouver and four grandchildren of Susan, Christopher, and Cathy Hinkson and Grant Baker.

Also survived by brother Mervyn (Perth, Ontario) and predeceased by sister Alice (Mrs. H. Miller) brothers Ernest, Alec, Leslie and Lloyd.

The late Mr. Ferrier was the manager at the Bank of Montreal in Haliburton during the 1930's.

Haliburton
COUNTY ECHO

Report from Parliament

By William C Scott, MP

Parliament approved a bill last week that makes some important significant changes in the Farm Credit Act. I am pleased with these changes, as I have long advocated updating this Act to make it conform more closely to present day economic conditions, and to encourage more young people to stay in farming, or to take it up as a career.

One of the most important changes is the raising of the ceiling for maximum farm loans. This has been raised from \$100,000 to \$150,000, which means that individuals or groups of people can now afford to buy farms that have been greatly inflated in price in recent years. It also means that prime land can now be purchased and placed in agricultural production that might otherwise be priced beyond the means of farmers.

In order to qualify for the new maximum, or an amount from \$100,000 to \$150,000, a person must not have reached the age of 35. A person below that age can get a loan of up to 90 percent of the appraised value of the land and buildings. Over that age the maximum would be 75 per cent of the appraised value, with

higher amounts secured by other chatels or additional insurance.

The new changes do not affect the right of older farmers to borrow from the Farm Credit Corporation up to the maximum of \$100,000. It is intended mainly to place further assistance at the disposal of younger people, both those who are now in farming, possibly in partnership with their fathers, or to encourage them to purchase and manage farms of their own.

The Act provides for the granting of maximum loans to two or more individuals to form corporations or cooperatives and take over existing farms, or to establish new farms.

The Act allows for the granting of the maximum loan of \$150,000 to such a group as long as one of the members of the group meets the age requirement. In this case, the qualifying person must be engaged in farming full time. The other members are allowed to work at other jobs, in order to earn extra income while the farm is developed into a viable economic operation, for a period of five years.

An individual borrower under the age of 35 years, who can demonstrate that he intends to make farming his principal occupation within a period of five years, is also allowed to purchase a farm under the Act and work at another job, away from the farm, for up to five years. This will allow the prospective farmer to earn extra money to care for his family, and to help to meet the mortgage payments, while he develops the farm into a paying proposition.

The Act also allows the Farm Credit Corporation to enter into agreements with the Department of Indian and Northern Affairs for the purpose of enabling loans to be made to Indians on reserves. It will also enable the FCC to and the department to enter into agreements to make loans to farming corporations or cooperatives, the shareholders or members of which are Indians on reserves, and to bands engaged in farming on reserves.

These new features of the Farm Credit Act should prove to be a boon to areas such as Victoria-Haliburton, where a large part of the economy of the region is derived from agriculture.

News from Maple Lake

Ivy Cottage has under gone extensive remodelling and it adds to the appearance of the home.

Mrs Stuart Daveson's is improving and is now able to take part in the bowling, etc. She did have a broken nose because of her fall and says it is still very sore.

Mr Neilson Ownes of Bay Ridges visited with Herb Fountain's this week.

Mrs Carrie Morrison spent a day in West Guilford, babysitting Perry's children. What a joy to do so.

Mr Ed Barry has been in Carnarvon for a few days recently.

Several ladies from our Community have taken time to take their wee ones to play time at West Guilford Community Centre.

We hear Mr Rex Cowen is not so well again. Get well wishes are sent to all sick and shut-ins.

Mrs Gladys Peck will be out of hospital this week.

Mr and Mrs George Pacy and daughter called on friends while on their way from Haileybury to Harcourt on Wednesday.

Mr and Mrs Peter Johnston and boys of Peterborough, Mr and Mrs Howard Faridy of Milliken and Mr and Mrs Cecil Morrison of Bowmanville, were visiting guests at the home of Mr and Mrs Herbie Fountain on Sunday.

Mrs Margaret Cook is spending a few days at Huntsville with a daughter, Mrs Howie Thompson.

Ceal Morrisons of Bowmanville spent the weekend

with relatives at Bethynea Farm.

We are indeed glad to have Mrs Gladys Peck home again from hospital.

Some of our local men are employed at a road cutting out job near Dorset.

Mr and Mrs Napier

Simpson and friends spent the weekend at Blogdon Hill.

The Robins and Snipes are back, they were seen Sunday morning.

Spring is just around the corner! The mud is here and sap is running and spring housecleaning is underway.

Canadian Bible Society

The World Bank reports that one billion people in the world have an annual income of \$100 or less. Such a figure emphasizes the terrible physical conditions under which so many people live. The need of these people for shelter, food, medical care and education is urgent and cannot be ignored.

However, man has additional needs and today there is real danger that other basic human needs may be ignored. Our Lord's concern for people's physical needs was demonstrated by His feeding of the multitude and His healing of the sick. But He is the One Who said, "Man does not live by bread alone but by every word that proceedeth out of the mouth of God".

The Canadian Bible Society's work of TRANSLATING, PUBLISHING AND DISTRIBUTING the Scriptures in 150 countries and territories enables both the physical and spiritual need of people to be met. The Bible contains the amazing story of the Good News of God and this is something which every man has a right to hear. The Bible continues to be one of the most important methods of communicating the Gospel

to people. When the Gospel takes root in their lives they are never the same again. One of the immediate results in a transforming of their physical surroundings. The abundant life always is in terms of both this world and the next.

April 27 is "BIBLE SUNDAY" in the Haliburton area. The work of the Bible Society is made possible by the contributions it receives from congregations and individuals. Only as congregations and individual Christians pray, publicize and financially support the Canadian Bible Society can it fulfil its vital responsibilities.

Rev. T. Rex Norman, District Secretary of the Canadian Bible Society will be speaking in our area throughout "Bible Sunday". At 10 a.m., he will be at the community Church at Eagle Lake; at 11:15 a.m. Mr. Norman will be speaking at the Salvation Army in Haliburton; his 2:30 p.m. service will be at the Harcourt Chapel. The evening service at St. Andrew's Anglican Church, West Guilford will be at 7 p.m. and a film called, "Two Leaves and a Bud", will be shown.

**Not
many
people
will see
a
mistake
you
make.
Almost
everyone
in town
sees
ours!**

Your local newspaper's prime function is to present the news . . . honestly and fully. That's all. However, sometimes the reporting goes astray, when the news is printed. Some of our friends think this is amusing. Some don't. We at your local newspaper don't laugh easily when a mistake is made in your local paper.

But in spite of our best efforts, it does happen occasionally. Even the editor had to smile when this caption appeared in his newspaper under the picture of a fallen tree:

The tree downed at this home damaged spouting and shingles . . . it was snapped by a violent guest.

In another newspaper, the coronation of a high school beauty queen took an unusual turn when the proofreaders overlooked this one:

Queen Margie White was escorted to her throne by co-captains Jim Black and Frank Gruff. There she was presented with roses and drowned.

Sometimes the classified ads are full of surprises, too. The young lady who ran this advertisement is still wishing that her friends would let her forget it:

Wanted: Large well-furnished room by young woman about fifteen feet square.

Then there was the time one of our nice Iowa ladies, trying to do her part to add to the Christmas spirit of her home city, found her efforts recorded thus:

Mrs. X set up a still life composition of angel figurines and greenery entitled, "Hark the Herald Angels Sing."

So, when you see one like this:

The Rotary male quartet will sing, "I need three every hour . . ."

Or this:

I am now in position to hatch your eggs at five cents per egg . . .

please remember that local newspapers are regarded by readers as a friend they can't do without, and even a good friend is bound to make a mistake once in a while.

When you stop to consider that over a million inches of news are reported each week in hundreds of weekly newspapers throughout Canada, a mistake here and there doesn't sound too bad to some people. But a misspelled name of a local citizen in a news story is no laughing matter . . . if it's about you.

Public helps plan Provincial Park

The new, 2,900-acre Murphy's Point Provincial Park which is presently being developed near Smiths Falls will be open, if not completed, by next year, according to Natural Resources Minister Leo Bernier.

The Minister said that public meetings held in Perth and Smiths Falls last month to review the planning process and to discuss further needs for the park proved invaluable to the Ministry of Natural Resources.

Regarding some public concern about over-development and pollution, Natural Resources staff assured everyone that Murphy's Point was to be a low intensity "natural environment" park rather than a "recreation" park.

According to the Ministry's park categories, "natural environment" parks are reserves for outstanding natural and historical features with emphasis on low impact activities such as hiking, nature study and picnicking. Moderate emphasis is placed on camping and swimming. Compared to "recreation" parks, there is a minimum of development.

Wim Vonk, Lanark district manager for Natural Resources, said the area on the north shore of Big Rideau Lake, 14 miles south of Perth, did not seem suitable for heavy public traffic. Planners have studied the area for the past six months.

Among the excellent suggestions for Murphy's Point Provincial Park received from cottage owners, town residents, nature clubs and trail groups was one to design some facilities for the physically handicapped and patients at the Rideau Regional Hospital School.

Ministry staff said immediate consideration would be given to special designs of such things as a nature trail, a parking lot and washroom facilities for the handicapped.

In a slide presentation during the perth meeting and the Smiths Falls meeting, held March 10 and March 13 respectively, it was pointed out that soils were extremely shallow and that several natural features such as old mica mines, virgin white pine stands, a blue heron nesting site and a swamp area needed protec-

tion from heavy use.

To minimize possible nutrient pollution in the Rideau, planners said all sanitary facilities in Murphy's Point Provincial Park are being designed professionally and above normal standards. If boats were allowed to tie up at or near the park, facilities would be provided and holding tank dumping in the river strictly prohibited.

Aside from the decision to establish Murphy's Point Provincial Park in the "natural environment" category, there have been no other decisions made regarding activities, facilities, or

density use, according to Ferguson Wilson, provincial parks planner for Eastern Ontario.

Lanark district manager Vonk said alternatives in Murphy's Point Park were not "wide open" because the area's fragile nature "imposed certain natural limits" on what could be done.

Not all parks, especially those in isolated areas, require public participation in planning. Where there is public input, however, provincial guidelines require planners to thoroughly study the area, relay this information at public meetings, gather public comments about how the park should be developed, then devise several alternate plans.

These alternatives are presented at additional public meetings, and guided by the response, the final "master" plan is completed. The last step, and sometimes the most rigorous for planners, is securing final approval from the provincial government parks experts in Toronto.

To date, \$850,000 has been spent on research, improving for safety's sake the only access road to Murphy's Point Provincial Park, building an additional section of county road, constructing equipment sheds and clearing brush in several sections.

The deadline for public response to this early phase of planning Murphy's Point is April 18. Information kits are available at the Ministry's Lanark District office.

News from Carnarvon

Congratulations to Mr and Mrs Blair Corcoran (nee Alison Chambers, who were married on April 5th. They will live in Ottawa on their return from their honeymoon.

Mr and Mrs Sinclair Russell spent a weekend in Toronto.

We had a very interesting church meeting last Sunday when a man from Camp Quimo-lac and some of his friends took the service.

Mr and Mrs Ross Harrison are home after spending the winter in Florida.

Mr and Mrs C.R. Doey are spending some time in Florida now, we hope they have a good holiday.

Mr and Mrs Lavern Thomas of Peterborough were in Carnarvon last weekend visiting with their friends here.

Mr and Mrs Don Archer of Matanbanick are having their holidays now.

Patricia Gorrie gave a luncheon party on Saturday for Bonnie Stinson who is being married on May 24.

Mr and Mrs Verge and three boys of Ottawa, also Mr and Mrs Ross Hussey of Toronto were weekend visitors with Mrs Hussey.

Mr and Mrs Jack Barnhart and Gail were in Toronto last week.

West Guilford

There was a good turn out at the dance on Saturday night. Winner of the 50-50 draw was Mr. Larry Robinson of Haliburton, and the winner of the Cedar

Chest was Mrs Ruby Lewis of West Guilford.

Mr Dan Johnston visited in Uxbridge and Toronto on the weekend.

Mrs Wm. Peck is home from the hospital.

Mr and Mrs Glen Wager of Oshawa, are at their cottage on Redstone Lake.

Mr and Mrs Peter Deller and John of Toronto were weekend visitors with Mrs Violet Smith.

THE FOLLOWING STORIES AND POEMS ARE SUBMITTED BY THE
GIRLS AND BOYS OF VICTORIA STREET SCHOOL. WE HOPE YOU ENJOY THEM.

by Andy Rinne
Grade 2

News from Minden

Found out why the low level in our river; it seems the logs are placed in the dams further up, the middle of March, thus there is a month's build-up of water before the spring run-off starts in April. So if we have a good deal of rain, what can we expect - high water levels.

Congratulations to Mrs Eldon McCracken who won the Jackpot of \$250 at Rotary Bingo last Thursday night in 56 numbers.

Sincere sympathy to the families and friends of the

late Bert Carpenter and Bill MacBrien whose funerals were on Monday.

Ellen Barton of Oackville enjoyed a weekend with relatives and friends.

At the weekly Mini Card Party at the Parish Hall last Thursday afternoon winners were for bridge Daisy Bates, for cribbage Anne Dawson and Bill Bennett and for euchre Harry MacMinn, Jeanne Sears and lone hands, Evelyn Robertson.

Mr and Mrs Bill Negus and Debbie of Lindsay were Sunday guests with Mr and

Mrs Phil Robinson.

We noted that another store in the Country Mall is open, Jadek Sports very attractively displayed with a mezzanine and nice floor space.

The ladies of the U.C.W. had a very successful Rummage Sale at the United Church Hall with a large crowd there most of the time.

All their friends send good wishes to people in hospitals included are Morgan Trumbull and Paul Northey at Civic Hospital Peterborough Charlie Kent at Haliburton and Mrs Leigh Harrison at the local branch.

The community sends good wishes to Mrs John Davis on the occasion of her

83rd birthday on Monday April 21.

Harry J. Cowan enjoyed a Sunday visit with his cousins at Dorset Mrs Harold Sears and Norma McKay and family.

There was a large crowd at the Recreation Centre Saturday night for Millionaires Night and on the Elimination Draw for \$100 the winner was Rev. Douglas Brown.

Bill Barton won the award entertaining on a charter bus going to Nashville, after he had participated in an Amateur Contest at Horse-shoe Tavern in Toronto.

Friends and neighbours of John and Cora Hewitt are invited to attend a reception in honour of their 40th Wedding Anniversary on April 26 at St. Paul's Parish Hall from 2-4 pm.

Haliburton personals

Mrs Mildred Dingman of Sunderland visited with Mrs Elwin Robertson on Saturday.

Mr Collin Brennan of Ottawa visited with his mother in Haliburton last week.

Mr and Mrs Mervyn Robertson have returned home following a winter vacation in Florida.

Mr and Mrs Bill Channon of Toronto visited with their cousins Mr and Mrs Elwin Robertson recently.

Mr Jack Bannon who is employed by Ontario Hydro spent the weekend at his home here.

Mr and Mrs Vernon McCrea of Haliburton were recent visitors to Peterborough.

Mr Garnet Graham of Fenelon Falls was a visitor

to Haliburton last Thursday.

Mr and Mrs Elwin Robertson visited with Mr and Mrs Frank Stevens in Orillia on Thursday.

Mr and Mrs Dale Lee of Toronto were visitors to Haliburton over the past weekend.

Mr and Mrs Don Popple of Peterborough were recent visitors to Haliburton.

Our congratulations this week to the Haliburton Midgets who won the All-Ontario Championship. The team brought the hockey season to a close with a 2-1 victory over Caledon in Haliburton on Saturday night.

Mr and Mrs Elwin Robertson were business visitors to Fenelon Falls on Monday.

Mackayville - Minden

"If I win, I'd take the family down south... to Orillia."

Good idea, Charlie. Because the new Ontario Lottery, Wintario, is going to be fun to play and fun to think about winning, too.

Particularly with a new grand prize of \$100,000 every other Thursday. And lots more prizes. In the first draw alone, there will be up to fourteen \$10,000 prizes, one hundred and twenty \$1,000 prizes and hundreds of \$100 prizes—up to 1,350 prizes in all!

And Charlie, the tickets cost just one dollar each. And you can get them almost anywhere: cigar stores, restaurants, newsstands, gas stations, milk stores, grocery stores.

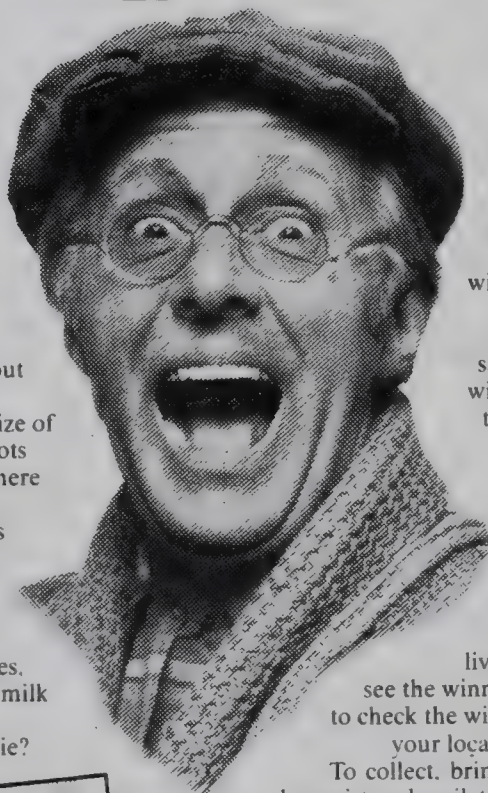

You see this sample ticket, Charlie?

Tickets for each draw are prepared in series. For example, in the first draw there will be up to 15 series of tickets. The series number is printed on the corner of the ticket beside the date of the draw.

Your ticket number, made up of five digits, is printed in red and is located next to the series number.

Now, if your series number is the same as the series number drawn, and your ticket number is identical to the

winning number, then you'll win the grand prize of \$100,000.

If your series number is not the same as the series number drawn, but your ticket number is identical to the winning number, you win a big \$10,000.

If only the last four digits in your ticket number are identical and in the same order as the last four digits in the winning number, you win \$1,000. If only the last three digits are identical and in the same order as the last three digits in the winning number, then you will win \$100.

Tickets are only good, of course, for the draw printed on the ticket and are eligible to win only one prize.

And Charlie, the first draw will be live on television May 15. You'll actually see the winning number drawn. Then, if you want to check the winning number afterwards, just look in your local paper the next day.

To collect, bring in your stub, or send it, filled out, by registered mail, to: Ontario Lottery Corporation, Cumberland Terrace, 2 Bloor Street West, Toronto. Don't worry, Charlie, everything you need to know is printed right on the back of your ticket.

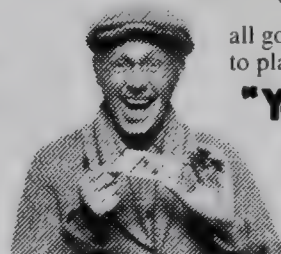

But that's just part of the story. Because, through the Ministry of Culture and Recreation, the millions of dollars raised by the lottery will support a whole range of activities and facilities right here in Ontario. Things we can all enjoy.

You see, Charlie, with Wintario we're all going to win. And it costs just a dollar to play.

"You mean, just a buck a throw?"

Right, Charlie.

"I'll throw."

wintario

we all win

FREE BOOK

I'd like to do everything I can to conserve energy — and save myself as much as \$100 a year in the bargain. Please send me a free copy of *100 ways to save energy and money in the home*.

NAME _____
 ADDRESS _____

 PROVINCE _____ POSTAL CODE _____
 Mail coupon to: 100 ways, Box 3500, Station C, Ottawa K1Y 4G1

Don't drown the beans

WHEN you're cooking vegetables, use little water and cook only until they're tender. You'll save vitamins and flavour. Well-designed cookware, used on the proper settings, will also conserve energy. Try cooking the entire meal in the oven, or on one or two burners.

If you're lucky enough to have a dishwasher, don't use it until you have a full load. Do the same with your clothes dryer — and be sure to clean the lint filter after each load.

Saving energy is often a game of pennies, but they all add up — and so do the savings for Canada.

Do you really need a crushed-ice dispenser?

A FROST-FREE refrigerator uses 50% more energy than a standard model. A crushed-ice dispenser is a big energy drain. And a self-cleaning oven uses 20% more energy than a standard model. Ask yourself how many of these extras you really need.

When you go shopping for a new appliance — refrigerator, dishwasher, range, dryer, washing machine — look beyond the price tag. What's the energy cost of running it? Often the better-built, more expensive model is also more energy-efficient. A better buy in the long-run.

Five ways to save on home heating

HEATING is the biggest item in a family's home energy budget. Here are a few simple ways to save:

Lower the thermostat.

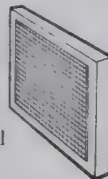

Each degree over 68 adds about 2½% to your heating bill. By dropping the setting from 72 to 70 you can save 5%. Dropping it from 72 to 68 will save 10% — about \$30 a year.

It helps to lower the temperature further at night, and when you're going to be away from home for a few days.

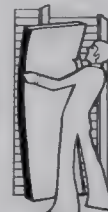

Check your furnace filter.

A dusty, clogged filter forces the system to work harder, and wastes energy. Inspect it every 30 days. (The book shows you how.) An annual or semi-annual furnace cleaning can save you another 10%.

How's your insulation?

Many Canadian homes have inadequate insulation. Ceilings should have 6" or more of mineral wool or glass fibre insulation. Wall cavities should be completely filled. Basement walls should also be protected to 2 feet below grade level. To avoid fire hazards, don't use foamed plastic insulation in exposed applications.

Use storms and weather-stripping.

Storm windows and doors will reduce heat loss in winter by up to 15%.

Weather-stripping is a must.

A tiny gap of ¼" along the bottom of a door is the same as having a 9 square-inch hole in your living-room wall. *100 ways to save energy and money in the home* explains how to weather-strip joints and caulk the frames of windows and doors.

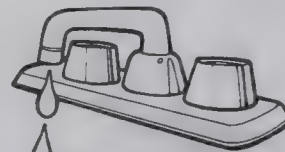

Let the sunshine in.

Energy from the sun is free, so it makes sense to use as much of it as we can. In the winter, open curtains and drapes during the bright part of

the day and close them at night, for their insulating value. In summer, do the opposite.

Drip, drip, drip, drip

ONE DRIP per second from a leaky hot water faucet or shower-head sends about 175 gallons a month down the drain. That's *money* down the drain. You can probably fix it yourself with a new washer and a few minutes work.

Be sure the size of your water heater matches your needs. Don't set it for more than 140 degrees, and turn it off when you go on vacation.

Have you tried a cold-water wash for clothes? It usually works just as well. Remember, too, that your average shower bath uses only 5 gallons of hot water, while a tub bath takes almost 10 gallons.

Could you use an extra \$100 a year?

These are just a few of the many, many ways to save energy and money in the home.

It's well worth doing. By making modest energy savings now, we can improve our environment and way of life far into the future.

Send in the coupon for your free copy of *"100 ways to save energy and money in the home."*

Order early. Allow 6 weeks for printing and mailing.

Energy, Mines and Resources Canada
 Office of Energy Conservation
 Hon. Donald S. Macdonald
 Minister

WE'RE ALL AWARE of the energy situation, and it's easy to say, "Well there's nothing I can do about it."

Wrong. There's plenty that each one of us can do in our homes and apartments to help Canada — and save as much as \$100 a year. When we save energy, we also save money.

This new book is full of ideas you can apply to heating, cooking, air conditioning, lighting, water heating. And it's written simply, with diagrams and full instructions on how to fix tap washers, dirty furnace filters, gaps around windows and so on.

Almost everything that has been written on home conservation is packed into this book. And it's yours free.

Here are a few of the ideas:

Dysart Council meeting

Minutes of a Special Meeting of the Dysart Municipal Council, Finance & Correspondence Committee, held in the Council Chambers, on April 4, 1975, (Friday) commencing at 3:30 P.M.

Members Present: Murray G. Fearrey, Harold Bannon, L.C. Morrison, Wayne B. Wood.

(Finance & Correspondence Committee Meeting)

Moved by Harold Bannon seconded by L.C. Morrison That the finance committee recommends the accounts to Council for payments: Road Accounts numbers 1822 to 1881 totalling \$20,032.74, General Accounts No. 284 to 395 totalling \$16,961.34, and Welfare Accounts No. R.95 to R.141 totalling \$5,665.29. Carried.

Moved by L.C. Morrison seconded by Harold Bannon That the correspondence was reviewed and filed except for those items referred to Council. Carried.

Moved by Harold Bannon seconded by L.C. Morrison That the meeting be now adjourned at 5:10 p.m. Carried.

Minutes of a Regular Meeting of the Dysart Municipal Council, held in the Council Chambers on Monday, April 7, 1975, commencing at 9:00 A.M.

All Members Present.

Moved by Gary McKnight seconded by L.C. Morrison That the minutes of the meetings of February 28th., March 3rd., and March 10th., be adopted as read. Carried.

Moved by L.C. Morrison seconded by Lloyd Coneybeare That Tenders be called for the sale of one 1962 G.M.C. Pickup 1/2 Ton - to close May 9, 1975, at 5:00 P.M. May be seen at Municipal Garage. Carried.

Moved by Harold Bannon seconded by Gary McKnight

That St. Georges Anglican Church be permitted to erect a sign at Cedar and Highland Street adjacent to the street sign on a metal post. Carried.

Moved by Harold Bannon seconded by Gary McKnight That the Road Superintendent or his assistance arrange to attend the meeting with Ministry of Transportation and Communications slated for April 10, 1975, at 8:45 A.M. - Hidden Valley Holiday Inn. Carried.

Moved by L.C. Morrison seconded by Harold Bannon That Cecil B. Winter be appointed Weed Inspector for 1975. Carried.

Moved by L.C. Morrison seconded by Lloyd Coneybeare That Mr. Robert Ella of the Burdock-Bitter Lake Cottagers Association be requested to attend with Council, re: Road Assumption in Registered Plan 404, Guilford on May 12, 1975. Carried.

Moved by Lloyd Coneybeare seconded by Gary McKnight That the Ministry of Transportation and Communications be requested to again consider the installation of Dusk to Dawn lighting at certain intersections of Municipal and

County Roads with access to Provincial Highways. Carried.

Moved by Harold Bannon seconded by L.C. Morrison That the Ministry of Transportation and Communications be requested to approve the installation of 5 x 400 Watt Mercury Vapour Lights - 3 on Highway 121 and 2 on Highway 519 at Eagle Lake. Carried.

Moved by Harold Bannon seconded by L.C. Morrison That applications be called for Caretakers for the Haliburton and West Guilford Dumps and the Information Booth attendant. Hours of work to be determined at a latter date. Minimum wages apply. Tenders close May 10, 1975. Carried.

Moved by Gary McKnight seconded by Lloyd Coneybeare That 2 - 400 Watt Mercury Vapour Lights be installed in Harcourt Village, one at Highway 648 and the old railway track and 648 and Mill Road subject to Ministry of Transportation and Communications approval for subsidy. Carried.

Moved by L.C. Morrison seconded by Harold Bannon That Council adjourn for lunch until 1:30 P.M.

Carried.

Moved by Harold Bannon seconded by Lloyd Coneybeare That tenders be called for the Supply of Gasoline, Diesel Oil and Furnace Oil for 1975, Lowest or any tender not necessarily accepted. Carried.

Moved by L.C. Morrison seconded by Harold Bannon That permission be granted Bayview Birches to reinstall gas pumps provided Bayview Birches meet all Environmental and Energy Board requirements. Carried.

Moved by Harold Bannon seconded by Gary McKnight That the Ministry of Natural Resources be requested to add Wm. Everett at Kennis Lake and Stephen Karshakoff of Harcourt Park to their list of Fire Wardens. Carried.

Moved by Harold Bannon seconded by Gary McKnight That the Reeve and Deputy be advised that it is the Policy of this Council that no further portion of the County apportionment is to be assumed until Market Value Assessments are brought in by the Province. Carried.

Moved by Gary McKnight seconded by L.C. Morrison That Council adjourn until Monday, May 12, 1975 at 9:00 A.M., unless called prior to that time by the Reeve. Carried.

Township of Cardiff

Financial report

AUDITORS' REPORT

To the Members of Council, Inhabitants and Ratepayers of the Corporation of the Township of Cardiff

We have examined the Balance Sheet of the Corporation of the Township of Cardiff as at December 31, 1974 and the Statements of Revenue, Expenditure and Surplus, Capital Fund Operations and Trust Funds for the year then ended. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion these financial statements present fairly the financial position of the Corporation of the Township of Cardiff as at December 31, 1974 and the results of its operations for the year then ended in accordance with the accounting principles generally accepted for Ontario Municipalities.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1974

1. Charges for Net Long Term Liabilities
Total charges for the year for net long term liabilities were as follows:
Principal payments - County of Haliburton \$ 894.
Interest 762.
\$ 1,656.
- The total charges shown above were paid from the revenue of the municipality and is included in expenditure, classified under the appropriate functional heading.
2. Provision for Reserves
Provisions for reserves amounting to \$5,000. are included in the Statement of Revenue and Expenditure, classified as "Financial Expenses".
3. Net Long Term Liabilities
Total long term liabilities incurred by the municipality and outstanding at the end of the year amount to \$ NIL
In addition, the municipality has assumed responsibility for the payment of principal and interest charges on certain long term liabilities issued by other municipalities. At the end of the year, the principal amount of this liability is \$15,022.
Net long term liabilities at the end of the year \$15,022.
4. Basis of Consolidation
The Consolidated Balance Sheet reflects the assets and liabilities of the revenue fund and the capital fund of the municipality only. Trust fund assets administered by the municipality, amounting to \$1,378. have not been consolidated.
5. Comparative Figures for 1973
Due to a change of auditors for 1974, we have not examined, and do not express an opinion on the financial statements for the year ended December 31, 1973.

Snowdon Council

The regular meeting of Council was held on April 2nd with all members in attendance and Reeve Robert Vick in the chair.

Moved by D. Smedmore, seconded R. Graham That the minutes of the March 5th meeting be adopted as read.

Moved by D. Smedmor, seconded R. Graham That Road Voucher No. 3 in the amount of \$2,451.21 be approved for payment.

Moved by J. Francis, seconded G. Hicks That the General Accounts in the amount of \$1,072.26 and Welfare in the amount of \$726.05 be approved.

Moved by D. Smedmor, seconded R. Graham That Land Severance Applications Nos. H44/75, H45/75, H46/75 and H55/75 be approved.

Moved by D. Smedmor seconded R. Graham That in response to the questionnaire from the Association of Municipalities of Ontario, the Council reply as follows:

(1) That the present date for Municipal Elections remain unchanged.

(2) That the most appropriate day of the week for Municipal Elections is Monday.

(3) That the newly elected Council should assume office on the first of January following the election.

(4) That the term of office for Municipal Councils should remain as is, namely a two year term.

(5) That the fiscal year end for municipalities be December 31st.

By-Law 7/75 was read a first, second and third time, passed, signed and the Corporate Seal affixed, being a By-Law to enter into an agreement with the Township of Somerville for fire protection for the year 1975.

By-Law 8/75 was read a first, second and third time, passed, signed and the Corporate Seal affixed, being a By-Law to restrict the dumping of garbage to official dumps for which the Township has received certificates of approval from the Ministry of the Environment.

Moved by G. Hicks, seconded J. Francis That this meeting be adjourned until the next regular meeting of Council on May 7th, 1975 at 8:00 p.m. unless called sooner by the Reeve.

News from Gooderham

We welcome Chesley Noseworthy with his wife Jean as newcomers to the business community. They recently purchased the Crossroads Store, previously operated by Ed and Johanna Purcell. The Noseworthy family is well known in this area since Chesley has owned a cottage on Bear Lake for several years. The Noseworthy family includes Karen, finishing Grade twelve in Toronto, Brian, Kevin, Tina and Mark.

We are glad to know that Gayle Billings is recovering from recent surgery and that Fred Simmons of Irondale is recovering from a serious illness.

The United Church here in Gooderham has felt for some time that there was a need for further Christian

education of the young people. They have therefore organized a programme and intend to open a Sunday School on Sunday May 4. This should be a welcome activity and I am sure that many families will wish to encourage them with this venture into faith.

Our new firehall will certainly be an asset to this community. Within the last few months two houses have been destroyed by fire. The fire crew has been appointed and it only remains for some equipment to be delivered, although at the latest fire the Fire Department Engine from Monmouth Township arrived in time to save adjoining buildings, it still takes time to come from Wilberforce.

Gems of Truth

THE RISEN CHRIST AND THE SCRIPTURES

[cont'd from last week]

Not only did the Lord Jesus give His approval of all the Old Testament Scriptures but furthermore He bore predictive witness of the authorship and inspiration of the New Testament Scriptures which were still unwritten in His day. Not a single Book, no, not even a word of the New Testament had been written when He departed from the earth and went back to Heaven where He had come from. Some five or six years had passed since His ascension before any portion of the New Testament came into being. The Gospel according to Matthew was no doubt the earliest New Testament Scripture that was written since it deals argley with the Jews and their promised King.

It is noteworthy to be reminded that Jesus instructed His disciples before His departure to the Father's Throne, that the coming Comforter, the Holy Spirit, would henceforth instruct them and bring all things to their remembrance. John, chapters fourteen and sixteen, in these chapters we find that the Lord Jesus declared that He would leave "many things" unspoken and unrevealed, John 16:12. Also, He assured them that the Holy Spirit would remind them of the many things He had told them, John 14:26. Not only would the disciples remember Jesus' words and deeds of the past but they would be guided "into all truth" John 16:13. This promise assured a completed revelation from Jehovah God by the Holy Spirit through the Apostles which He had chosen. This in turn gives to

mankind a completed revelation of things past, present and future. No addition is needed and no subtraction is warranted. In fact the scriptures put a strong warning against tampering with the Word which the Lord God had given to mankind, Revelation 22:18-19.

In John 16:13 Jesus promised His own that the Holy Spirit would "show them things to come". This embraces all the prophetic issues of the New Testament and covers also the Book of Revelation which is Jehovah's final work with evil man, sin, Satan and his colleagues, the false prophet and the beast, Revelation 13:20, 20:10.

Perhaps the most needed instruction to the disciples of the Risen Lord was the fact that He wanted them to understand that they were to be His witnesses after His departure from them, John 15:27, John 16:13, Luke 24:46-48, Acts 1:8, Acts 9:15-17. Through these chosen instruments the Holy Spirit would speak and what they said and wrote (which is the New Testament) would have the same authority as the words of Christ Himself. This is exactly how the New Testament became the Word of God and is authoritative and authentic. Jesus Christ remains the central theme of all the Scriptures.

When the Risen Saviour met the two disciples who were walking toward Emmaus, Luke informs us that He said unto them "O fools, and slow of heart to believe ALL that the prophets have spoken, ought not Christ to have suffered these things, and to enter into His glory?" Luke 24:25-27. Later that

day He opened their understanding concerning these words, Luke 24:43-44. Just what Jesus told the disciples we do not know, but we do know from what was later written that it is none other than the Lord Jesus Christ that remains central in all the Scriptures. His manifestation in incarnation, His being the Person of Jehovah God making Himself known in a Body of Flesh, 1 Timothy 3:16, His sacrificial and judicial death and His resurrection forever remain the body of Truth in the Scriptures, 1 Corinthians 15:1-4.

All preceding Scriptures lead up to this and succeeding ones flow forth from it. The Book of Acts proclaim the events which hover around the "Church" and the spreading abroad of the Word by the early Christians. Then follows the Epistles, the letters written to the "Church" which explain the "Gospel" preached and the "standing" and "state" of all truly born-again Christians in their relation to the "Risen Christ".

Christ Jesus, as a Son of Abraham, Son of Man, Son of David, and Son of God, binds the different Books of Scripture together into one Book, the Bible.

Christ is none other than the Seed of the woman and so is the One who will finally destroy Satan and all his works, Genesis 3:15, Romans 16:20, Revelation 20:10. The Lord Jesus is also the Son of Abraham, and so the Seed in whom all families of the earth will be blessed, Genesis 12:1-3, Galatians 3:16. He is likewise the Son of David and so the One who

is Israel's King and the "Desire of all nations", 2 Samuel 7:10-18, Luke 11:31-33.

Jesus Christ the Lord, now exalted in Glory at the right hand of God, is "Head over all things to the Church, which is His Body" Ephesians 1:22-23. The return of the Lord Jesus to receive unto Himself the "Church" is the promise His children are anxiously waiting for and is known in Scripture as the "Hope" of all believers, John 14:3, 1 Thessalonians 4:13-18. To the exalted and returning Lord Jesus Christ the Holy Spirit bears testimony throughout the present "Church age".

To fulfill all His promises to Israel and to the fulfillment of all His promises of blessing to them and the world, the Lord Jesus is in the purposes of God declared to return to this earth. Only then will all Scripture find Him central in their proclamation. Jesus Christ is the sum and substance of the whole Bible. He is the sum total of all the promises, types, prophecies, parables, the Gospel and revelation of Church truth and He is in His second coming, the Hope of the Church, of Israel, of the nations of earth, and a groaning creation. When we keep the Lord Jesus in His proper place in Scripture we will never greatly err in our search for spiritual knowledge and blessing.

Bible quiz

Last week's question was, "What man, in order to be cured of leprosy, had to dip seven times in the River Jordan?" answer Naaman 2 Kings 9:35-36.

QUESTION: Who was the father of Alexander and Rufus? answer next week.

CAN YOU HELP?

The Salvation Army in Haliburton County has helped hundreds of people in the past year. Food - Clothing - Furniture - Transportation - Counselling - Admission to Alcoholics and Drug treatment Centres - Camping for children and more.

We can't do this without money.

The month of May is our time for Fund Raising.

We need canvassers for Haliburton, Minden, Lochlin, Ingoldsby, Carnarvon, Tory Hill, Wilberforce, Gooderham, Kinmount, West Guilford and Eagle Lake.

Can you spare an hour? If so call LT. SAVAGE at 457-2424 or write Box 103, Haliburton.

If you don't need our help, we need yours

PLEASE!

Meeting of Council of Anson, Hinden and Minden

The Seventh Meeting of the Council of the Townships of Anson, Hinden and Minden was held in the Council Chambers of the Municipal Building, Monday, April 14, 1975 commencing at 9:30 a.m.

Reeve Reg Booth in the Chair; Deputy Reeve, Doug Pritchard; Councillors, A. Coneybeare, R. Gorrie, H. Johnson; Clerk-Administrator, Richard Parisotto; Road Superintendent, J. Earl Hewitt; By-law Officer, Richard C. Schell.

D. Pritchard-A. Coneybeare That the minutes of the meetings of March 10th and March 15th, 1975 be approved. Carried.

Mr. David Waite was present regarding the location of a trailer in the Blue Haven Tent & Trailer Park as a permanent dwelling. Council confirmed that the trailer would be illegal under the by-law. Action was held pending a submission from Mr. Waite on a proposed mobile home subdivision within two weeks.

Letter was received from Mr. Hans Kieckhoefer requesting re-zoning of his property from Residential to

General Commercial "A". solely to accommodate a sign on his property. Council felt that it was not in the best interests of the area to change the zoning from Residential.

Mr. Don Finn was present requesting granting of consent for a severance due to an error made in 1973. As the property so created would be contrary to the by-law, the application was denied.

A. Coneybeare-H. Johnson That the resolution of the City of Woodstock relative to speed limits in "Park Zones" be endorsed as requested. Carried.

Mr. V. R. Workman and Mr. David Johnson were present to outline proposed severances.

D. Pritchard-A. Coneybeare That the proposed severances of Northern Lakeshores Limited in Lot 7, Concession 8, Township of Minden be approved, providing the lots comply with the Restricted Area By-law, all provisions having already been made in Registered Plan 522. Carried.

A. Coneybeare-R. Gorrie That Application for Consent H-39/75 be approved,

provided the lot so created is re-zoned to "Residential" and the remaining land south of the Public Road continues to comply with the provisions of the Restricted Area By-law regarding Cottage Parks. Carried.

R. Gorrie-D. Pritchard That Application for Consent H61-75 by Mr. Roy Colliss be approved upon receipt of a deed for the Road diversion leading from the Bobcaygeon Road westerly to the Concession road known as the Scotch Line Road West, such diversion being 66' in width and further that the small triangle piece at the intersection of the Bobcaygeon Road and the road diversion become part of the road allowance so deeded. Carried.

Pursuant to the report submitted by the By-law Officer, the Clerk was directed to prepare the necessary amending by-laws. Mr. Peter Carroll of MacGillivray & Co. was present to review the financial statements.

Mr. Cooper and Mr. Pitts were present to discuss the applications for Validation of Titles. Discussion was held

on the necessary Municipal requirements and the matter was deferred pending receipt of a proposal from the owners.

The Clerk presented a verbal report on the status of this matter and was authorized to proceed further.

Councillor D. Smedmor of Snowdon Township was present requesting a decrease in the proposed fire protection fee. After due consideration of the fees

charged during the past four years, Council felt a decrease was not feasible at this time.

Mr. Fred Green of Frank Cowan Insurance and Mr. Don Hill of Floyd Hall Insurance were present for the annual review of the Municipal Insurance Policies. No changes were made in the basic policies.

R. Gorrie-A. Coneybeare That Municipal Membership in the Ontario Building Officials Association be

approved for 1975 in the amount of \$20.00. Carried.

A. Coneybeare-R. Gorrie That the Clerk and Welfare Officer be authorized to attend the O.M.S.S.A. Conference in North Bay in June. Carried.

H. Johnson-R. Gorrie Pursuant to the request from the County of Haliburton, that the Building

Thank You

We would like to thank everyone who participated in or helped with our recent Skate-a-Thon which was very successful. The Executive, Monmouth Figure Skating Club.

Thank-You

I would like to take this opportunity to thank everyone for the cards, flowers and well wishes I received during my recent stay at the Minden Red Cross Hospital.

I'd like to give a special word of thanks to Doctors Koval, Limpitlaw and the staff at the Minden Red Cross Hospital for the excellent and compassionate care given me. Sincerely Erma Bock.

The family of the late William Symonds wishes to express their sincere thanks and appreciation to all relatives, friends and neighbours for their many kindnesses, floral tributes, cards and expressions of sympathy in their recent bereavement. Anne Symonds and Family.

Thanks to everyone for their cards, kind thoughts and deeds. They are very much appreciated. Irene and Dennis Chapman.

We would like to express our thanks to our many friends and relations who attended our wedding dance. Mr and Mrs Lorne Harrison.

Stanhope Township council meeting

Members present included Reeve Nesbitt, Deputy-Reeve James Harrison, Councillors Harry Davis, John Tomlinson and B. Napier Simpson. Also in attendance were Mr. Al Rawlins, Mr. Elgin Stouffer, Mrs. Louise Watson, Secretary Airport Committee, Mr. Douglas Russell, Reeve of Sherbourne, McLintock & Livingstone, Mr. Murray McEachern, Chief of Dorset Fire Department, Mr. Richard Kinsman Chief of Stanhope Fire Department and also Representatives from R.S.H. Ltd.

Moved by H.R. Davis seconded by John D. Tomlinson Be it resolved the minutes of the regular meeting held March 12, 1975 be adopted as circulated. Carried.

Moved by B. Napier Simpson seconded by Jim Harrison Be it resolved that Mr. Elgin Stouffer be authorized to erect; (1) a 4' x 8' field advertising sign at the west end of the road allowance to his mill (2) The Ministry of Transportation and Communications be authorized to erect a road fingerboard sign on Registered Plan 186 as agreed between Mr. Stouffer and Mr. Matthews of the Ministry of Transportation and Communications. Carried.

Moved by B. Napier Simpson seconded by John D. Tomlinson Harry Davis Be it resolved that council request the County Council to ask the Ministry of Transportation and Communications to erect a sign on Highway #11 at the VanKougnat Road labelling said road as access to Haliburton Highlands. Carried.

Moved by Harry Davis seconded by John D.

Tomlinson Be it resolved the Treasurer be authorized to issue a cheque of \$500.00 to the Haliburton Highland's Stanhope Airport Committee to be expended in accordance with the final approval of 1975 budget which will be dealt with at a later date. Carried.

Moved by B. Napier Simpson seconded by John D. Tomlinson Be it resolved that council approve in principle the draft plan of subdivision on part lot 29 & 30 concession 5 as indicated on drawing no. 116 -1 dated April 8, 1975 signed by Steven D. Rickard representing R.S.H. Ltd. Council also approve in principle with the proposed spot zoning by-law as presented. Carried.

Moved by Harry Davis seconded by Jim Harrison Be it resolved that the Council of Stanhope contact the Department of Public Works requesting the feasibility of having dredge work carried out on the east end of Beech River with the view to making the waters

navigable from Beech Lake to Boskung Lake by power boats. Carried.

Moved by Jim Harrison seconded by Harry Davis Be it resolved the Township of Stanhope make a donation in the amount of \$50.00 to the Haliburton Midget Hockey Team to aid the support of our Local Team and to offset any personal expenses which may have occurred. Carried.

Moved by Harry Davis seconded by Jim Harrison Be it resolved the Council of the Township of Stanhope contact the Honours Secretariat at Government House, Ottawa to have proper recognition made to Mr. David McKee for his efforts in rescuing two cross country skiers from the icy waters of Beech Lake. Carried.

Moved by Jim Harrison seconded by Harry Davis Be it resolved the Township of Stanhope accept the tender bid of Thompson Crush Stone and Gravel Ltd., at \$9.97 per cubic yard for the crushing of 8,000 cubic yards of gravel in one (1) set, same to pass through a 3/4" screen and contain 60% stone. Price at the belt. This acceptance subject to approval of the Ministry of Transportation and Com-

munications. Carried.

Moved by Jim Harrison seconded by Harry Davis Be it resolved that Council grant permission to Mr. Robert Easton to perform certain improvements on the concession allowance between the Township of Stanhope and the Township of Hindon. This approval granted with the understanding the council of the Townships of Anson, Hindon and Minden has previously approved. It is also understood this road will not be accepted into the Municipal Road System unless constructed to Ministry of Transportation and Communications specifications and deemed feasible by council. Carried.

Moved by Jim Harrison seconded by Harry Davis Be it resolved that general accounts totalling \$2,793.96; March 1975 Welfare Account totalling \$1,175.47 and Road Voucher #3 amounting to \$5,687.48 be allowed for payment. Carried.

Moved by John D. Tomlinson seconded by Harry Davis Be it resolved this meeting do now adjourn at 5:15 p.m., until May 7th at 9:30 a.m., unless called sooner by the Reeve. Carried.

**Be a
good neighbour...
call before you dig.**

At long last, spring has finally arrived. And now you can get out and start working around the house. Maybe it's a small garden. Or even a large pool. But if it means digging, dig this: One of our underground cables might be located right where you want to dig. If you were to break one, you could easily knock out telephone service for blocks around. This could seriously disrupt service for hospitals, doctors, the police or the fire department. And that's something a good neighbour wouldn't want to do.

So, before you start digging, put in a call to the number below. We know where the cables are located and can save you a lot of trouble. This service is free. And part of our "good neighbour" policy. The number to call: 611
